Internship

We develop a large range of projects from high end limited edition furniture to conceptual artwork, large public space projects, product design etc.

We are constantly working on several commissioned pieces for museums, collectors, fairs, and collaborations with famous brands for special projects.

The team currently developing a series of new projects including sculpture, interior design product and a confidential very large scale public pieces.

Interns participate to the process from research, fabrication to the documentation and production of communication materials.

The studio is based in Industry City, Brooklyn, off 36st on the D,N and R trains.

We work in a very large loft and have all pieces made at the studio in our wood-workshop and using our 3d printers.

The schedules for interns are 8:30am – 2:30pm, Monday to Friday. Internship is unpaid, Minimum stay at the studio is 2 months.

Breathe deeply and send resume, portfolio and availability to info@meetsebastian.com (Please mention “ Internship Application “ in the subject).
